

## **Domenico's on the Wharf Background**

Domenico's on the Wharf was opened in 1981 by Dominic Mercurio and John Pisto, who come from a family history of restaurateurs and fishermen. A local favorite for almost thirty years, Domenico's is now run by brothers Dominic and Sam Mercurio and Sam's wife, Angeli. The family experience is evident in the fresh, high quality standards and well prepared seafood dishes that will excite any diner's pallet.

Domenico's on the Wharf features wild sustainable local and Alaskan seafood and handmade pasta made fresh each morning. The restaurant, located on Monterey's Old Fisherman's Wharf, offers a refined, relaxed dining environment with attentive service and breathtaking views of the Monterey Bay. Its award-winning wine list and one-of-a-kind menu will leave you wanting to come back again and again. The vegetables are organic and freshly grown on Dominic's ranch and the fish is caught during Sam's fishing trips to Alaska. Domenico's also provides a number of options for ending your meal with the perfect touch- whether it's the delectable tiramisu or grandma's famous cannolis.

Domenico's on the Wharf serves lunch and dinner, and offers vegetarian, children's and banquet menus. The Lounge area, complete with ambience-setting couches and fireplace, offers guests a daily Happy Hours. The restaurant is also pet friendly in the heated outdoor area and offers a canine cuisine for its furry diners.

Outside the restaurant is Domenico's Mercurio Bros. Fish Market & Deli. Featuring oysters on the half shell, clam chowder or chili in a bread bowl, lox & bagels, smoked salmon, grilled sardines with vinegar & onions, shrimp cocktail, and more, the Market & Deli is a friendly, casual setting perfect for a meal on the go, or outdoor dining.
